I-95 traffic at Exit 49 impacted for interchange project

WHAT: Bridge demo activities on the Interstate 95 bridge at Briardam Road/State Route (SR) 251 will close lanes on separate sides of the roadway starting Monday night through the end of the week. When crews work on either the southbound or northbound sides of I-95, all three lanes will close and traffic will move to the off-ramp and back onto the interstate by the on-ramp.

Along with constructing a new bridge and approaches over I-95 at Exit 49, this project includes just under one mile of interchange reconstruction consisting of grading, drainage, base and plant mix resurfacing on I-95 at SR 251.

Whenever you approach a work zone: slow down; allow extra distance between vehicles; read signs; obey road crew flaggers; and expect the unexpected.

WHEN: Daily Monday, Oct. 17 through Friday, Oct. 21:

Southbound Monday through Wednesday 9 p.m. to 5:30 a.m., weather permitting.

Northbound Wednesday to Friday 9 p.m. to 5:30 a.m., weather permitting.
